Attached is the draft fact sheet for the DFT site in SD in word format. Once we get the fact sheet text in final form, it will be put into the standard format and include photos of the site. Please provide me with your feedback.

Subject: DFT Fact Sheet

I ended up rewriting the fact sheet for the DFT PA to reflect that the PA was completed (attached) . I have attached the text. Could you review to make sure it reads well and is accurate. After we get the text finalized, we can put it in the fact sheet format and include contact info and photos.
